

Light and Sound

Challenge One - English

Write a poem in any style about light or sound or both.

Think about how to present it in your book.

Challenge Two - Science & DT

Be visible in the dark.

Design and make a jacket/school bag to enable school children to be more visible in the dark when walking home from school.

A mini version is fine!

Challenge Three - Maths

Write 5 word problems that require the addition or subtraction of money. You need to provide the answers as well.

Challenge Four - Art

Use a mirror to closely observe your eye. Using a landscape piece of paper, make a large detailed drawing using pencil/charcoal.

Challenge Five - Speaking & Listening

Go into an empty room or an empty space outside. Sit quietly and listen. What can you hear? Represent the sounds you can hear creatively.
