<b>June</b>	
3rd	First Day of Term 6

### Headteacher's Blog

Apologies that it's been a while since our last newsletter - as always it's been a very busy term.

#### TLCs

This week you will have received your child's progress report if your child is in Years 1-6. You will have an opportunity to discuss these in detail with your child's teacher at next week's TLC appointment. For Year R and Nursery, your child's 'My Unique Story' will be shared at TLCs.

Please remember to arrive 10 minutes prior to your appointment time to look through your child's books. A crèche will be available in the Acorn Room (on the Junior playground) so siblings don't have to attend appointments.

#### Parent Survey

Parents' views are really important to us and help us to shape decisions in school. Next week, we will be sending you a link to an online survey which we would appreciate you completing. I will then share the results after Easter.

#### Scooters

As the weather's improved and linked to Walk on Wednesday, we've noticed far more children scooting to school. We have purchased more racks for children to park these in. There is one by the Nursery, one by the Year R gate and 2 behind the Junior building which can be accessed via the gate at the bottom of the Junior Playground. Please note the school cannot take responsibility for these whilst they are on the site so we recommend children locking these to the racks. May I also remind you that once on the school site, children should be walking with their scooters. Thank you.

**Please remember there are NO AFTER SCHOOL CLUBS on the last week of term!**

**After School Clubs**

*(With the exception of Recorder Club on Friday 5th April)*

**Clubs for Term 5 will commence on 29th April. A slip will be sent home notifying you which club your child has been allocated on Tuesday 2nd April**
