

In terms 5 and 6, Mary was away on holiday for 10 days. Whilst Mary was absent, her class learned how to turn statements into questions, how to use content pages and indexes to locate text and how to skim-read. They also learned to understand the difference between fact and fiction, how to recognise right angles and how to tell the time.

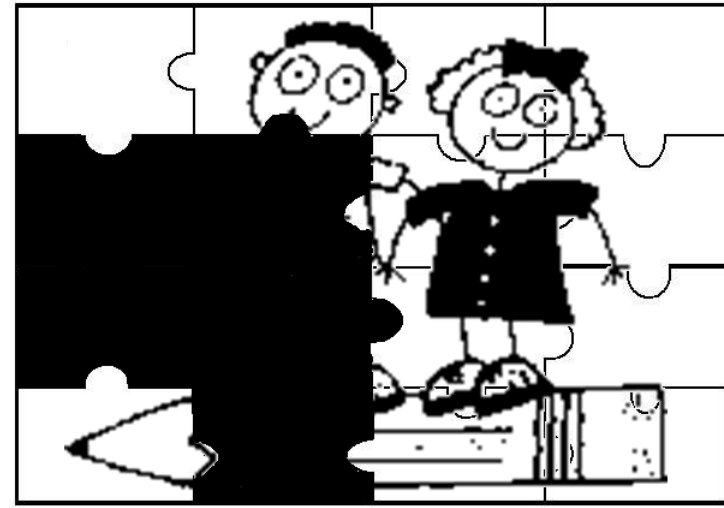

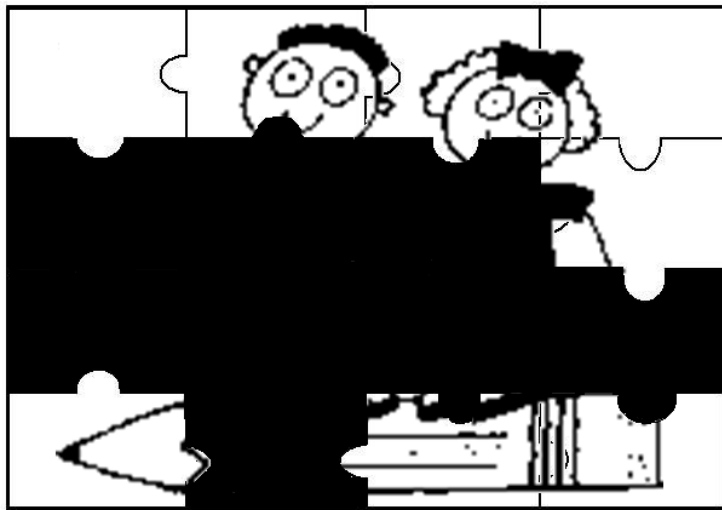

... without all the pieces
your child may never have
the whole picture.

Education matters. Don't let your child miss out.

Education is like
a jigsaw puzzle...

In terms 1 and 2, Mary was absent for 4 days. Whilst Mary was at home, her class learned how to use commas and exclamation marks in their writing, how to use common word endings correctly and the names of common 3-D and 2-D shapes.

In terms 3 and 4, Mary was absent for a further 9 days. Whilst Mary was at home, her class learned how to use speech marks in sentences, how to describe characters in their story writing, how to recognise lines of symmetry and to recognise two digital multiples of 5.

... during each school term more pieces fit together...
