

Challenge One – Science

Write five examples of solids, liquids and gases in your home.

How are they different? Be creative with how you present your findings.

Remember to read at home at

least 3 times a week too! Remember Busters on a Wednesday night when you are expected to read for at least 20 minutes.

# Mysterious Materials

Challenge Two - Writing

"I couldn't believe my eyes, when I saw what was pouring from the tap!"

Write a story using the above sentence. It could be the opener or used elsewhere.

Challenge Four – Art & DT

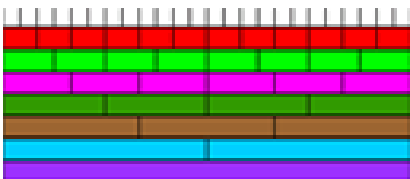

Create a piece of art work using only reclaimed (recycled) materials to create a portrait of someone famous, a friend or a member of your family.

Challenge Five – TT Rock Stars

Challenge yourself to beat your time and score. Remember we will be checking.

Challenge Three - Maths

Create a poster of the fraction wall. As a challenge include the equivalent percentages and decimals.

Challenge Six Science.

Create a poster explain the water cycle. Ensure you use the correct terminology.
