

## Maths Challenge Act 4

1. How many ways can you make 50?
2. How many ways can you make 100?
3. How many ways can you make 150?
4. How many ways can you make 200?

Record your answers in your exercise book.

**Remember to use addition, subtractions, multiplication and division.**

**Use the inverse to check your answers are correct.  
(inverse means opposite)**
