Harry B – Year 5

*He is still working so hard, he hasn't lost his enthusiasm for maths! He is **CHALLENGING** himself with learning, today he has been calculating the perimeters of composite rectangular shapes, and drawing some! He is always willing to learn and do his home learning that is set for him. He is missing his teachers and friends, but hasn't let that stop him from being positive about lockdown, with a brilliant attitude. Very proud*

Millie – Year 5

*We have been so proud of the **RESILIENCE** that Millie has shown with adapting to home schooling. As well as her home learning she has also be challenging herself domestically but making a scrummy cheesecake and as she has sometime at home has planted some vegetables, which she is taking responsibility for by caring for them as the grow. She's hoping all of the teachers and children at West Borough Primary School, especially Maple class keep well and safe and she looks forward to seeing you all soon.*

Ellha– Year 6

*I'm so proud of how well she has adapted to the new school routine, going in nicely and for being **RESILIENT** and getting on with things.*

She has taken everything in her stride and has managed to see the good in most situations recently.

She hasn't moaned once about being stuck at home and has not complained when our tickets for events have been cancelled. Even Harry Potter studio tour! Ellha has taken everything in her stride and has had a positive outlook. She has been amazing and a real trooper and I'm really proud of her :)

Theo - Year 4

He has missed not being able to play football as much as he's used to and missing all his new friends, that he has made at West Borough. But he has worked really hard on doing research about Spain and even made a flag and has made a start on creating time capsule of his time in lockdown. Mummy and Daddy couldn't ask for more and are proud of him.

Oscar, Year 1 & Charlie, Nursery

We made an Earth day stall outside . As we have finished with our seeds the boys wanted to share them with other people. So we left some compost, cups and choice of seeds. They both drew carrots, beans, sunflowers and pumpkins on the seed pots. Oscar labelled and wrote the instructions for people to take a seed and soil home to watch it grow. They were very excited!
