

## Year 2 Challenges

Read through the challenges and try to have a go at completing some that interest you. Complete it in any way you wish. You don't have to record what you do just have fun doing something. 😊

| <b>Challenge</b>                              | <b>Completed</b> | <b>Picture/Write up/Evidence</b> |
|---|------------------|----------------------------------|
| Make a bird feeder                            |                  |                                  |
| Create a graph of your toy categories         |                  |                                  |
| Build a bridge using natural materials        |                  |                                  |
| Bake a delicious treat                        |                  |                                  |
| Does an object sink or float?                 |                  |                                  |
| Build a tower                                 |                  |                                  |
| Design a map for a treasure hunt              |                  |                                  |
| Create shadow animals                         |                  |                                  |
| Build a bug hotel<br>Make ice lollies         |                  |                                  |
| Go on a bug hunt                              |                  |                                  |
| Create a water maze                           |                  |                                  |
| Make play dough                               |                  |                                  |
| Create a magic potion                         |                  |                                  |
| Design your favourite movie scene out of lego |                  |                                  |

|                                  |  |  |
|----------------------------------|--|--|
| Find symmetry in nature          |  |  |
| Leaf printing                    |  |  |
| Ice cube melting race            |  |  |
| build a den                      |  |  |
| Record all the birds you can see |  |  |
| Chalk sums                       |  |  |
| Make a bubbler wand              |  |  |
| Build your own sundial           |  |  |
