

Year R Remote Learning – w/b: 4th May 2020

Dear Parents / Carers,

This week's learning is based around 'What the Ladybird Heard.' Here is a link to the story, in case you don't have it at home.

<https://www.youtube.com/watch?v=oTHkob84IAE>

and here is a link to Julia Donaldson singing a song about the book!

<https://youtu.be/7NbyiDpY6Ww>

On Monday, begin by reading or listening to the story. This will help to set the scene for the learning activities to be done this week.

Every day, there is a 'Daily Learning Activity' which will be a mixture of writing, maths, colouring etc. This is like our 'Group Learning' activities that we do every day at school. For the activities on Tuesday, choose which maths activity is most appropriate for your child. On Wednesday, watch the Power point about the life cycle of a ladybird before doing the activity.

In addition, there are separate phonics and maths activities to try each day. The maths activities will progress throughout the week and are all based around the story.

On Friday, there are some extra activities to celebrate VE day.

Writing

Keep trying to encourage your child to write using the cursive script and remind them to use a capital letter at the beginning of a sentence and a full-stop at the end.

There are also lots of free stories and songs to listen to here. Just follow the link and click on 'listen.'

<https://stories.audible.com/start-listen>

And finally...

Don't forget to email a picture of your child's work or a photograph of your child doing one of the activities so that we can add to the class padlet pages. We are loving receiving so many photographs and examples of your children's work.

Have fun with the activities and stay safe!

The Year R Team x
