

## Year 3 Home Learning – Week Beginning 15<sup>th</sup> June 2020

Hello Year 3,

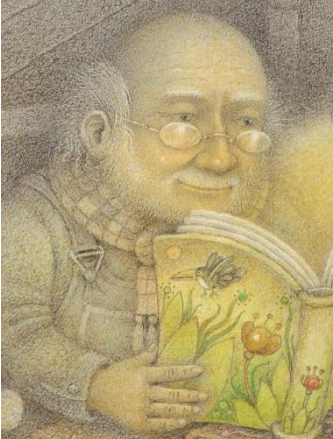

Here are some learning activities for you to try at home. Remember to send us your photographs for our class padlet.

Stay home, stay safe and have fun with your learning!

Miss Taylor and Mrs Eades

Day	SPaG/ Reading  Please remember if you need more reading books, email us and we can arrange for you.	<b>English</b> -This week we are going to focus on the book 'The Tin Forest.'  The story is attached below  You can also find the story on YouTube.  <a href="https://www.youtube.com/watch?v=-j-XPfxy5js">https://www.youtube.com/watch?v=-j-XPfxy5js</a>	<b>Maths</b> -We are going to focus on subtraction this week. This week we are going to use the column method. So remember to place the numbers into the correct ones, tens and hundreds column.	<b>Topic- Egyptians</b> This term our topic is called 'The Egyptians'; we will be setting a variety of activities that link to this topic.
-----	--	--	--	---

Monday	<p><b>Enjoy books</b> Show an enjoyment for reading by reading a book of your choice. Aim to read for at least 10 minutes per day.</p>	<p>Listen and read the story 'The Tin Man.'</p> <ul style="list-style-type: none"> <li>• Look at the front cover, what might it be about?</li> <li>• What do you like about the story?</li> <li>• Are there any words that you need to look up?</li> <li>• Which character did you like?</li> <li>• Can you think of a different ending?</li> </ul>	<p><b>Column subtraction 2 digit numbers</b></p> <p>Turn these subtractions number sentences into column method. Then complete the calculations.</p> $\begin{array}{r} 62-34= \\ 56-42= \\ 68-27= \\ 35-24= \\ 71-25= \end{array} \quad \begin{array}{r} 55-42= \\ 58-35= \\ 69-42= \\ 59-36= \\ 44-31= \end{array}$	<p><b>DT</b> Create a pyramid out of recycled goods, be as creative as possible.</p>
Tuesday	<p>Mrs Eades and Miss Taylor would love to hear what books you are reading and enjoying.</p>	<p>Using 'The Tin Man' answer the following questions.</p> <ol style="list-style-type: none"> <li>1. Who lived the house?</li> <li>2. What did he do every day?</li> <li>3. Describe his dream?</li> <li>4. What did he decide to do?</li> </ol> <p>Remember to answer using full sentences.</p>	<p><b>Column subtraction 2 digit numbers</b></p> <p>Turn these subtraction number sentences into column method. Then complete the calculations. Remember to exchange using the tens column.</p> $\begin{array}{r} 64-35= \\ 52-36= \\ 93-74= \\ 68-14= \\ 73-26= \end{array} \quad \begin{array}{r} 62-44= \\ 72-49= \\ 83-22= \\ 76-59= \\ 59-31= \end{array}$	<p><b>Art</b> Sketch one of The God that you have researched. Make sure you use lots of detail in your sketches.</p>
Wednesday	<p>You could always write a book review; it would be great to hear your</p>	<p>Write a letter to 'The little old lady.' Explain to her how 'The old man' could be her friend.</p> <p><i>Dear Year 3, I need a friend! I've been looking everywhere but just can't find a good one. Can you help? Do you know of anyone around my age that has grey hair too? If so, can you write back to me and tell me more about them so I can decide if they're a good</i></p>	<p><b>Column subtraction 3 digit numbers</b></p> <p>Turn these subtraction number sentences into column method. Then complete the calculations.</p> $\begin{array}{r} 456-333= \\ 573-212= \\ 642-311= \\ 659-548= \end{array} \quad \begin{array}{r} 537-122= \\ 582-232= \\ 749-322= \\ 597-354= \end{array}$	<p><b>History</b> Using your facts from last week, create an Egyptian quiz. Challenge members of your family when you have completed your quiz.</p>

	views on different stories.	<p><i>match...do hurry, I'm awfully lonely!</i>  <i>Lots of love,</i>  <i>The Little Old Lady xxx</i></p> 	$635-215=$ $684-315=$	
Thursday		<p>Write a description about 'The old man.' Remember to describe his personality and his appearance. When you are writing a description, remember to use the correct punctuation and interesting adjectives.</p> 	<p><b><u>Column subtraction 3 digit numbers</u></b></p> <p>Turn these subtraction number sentences into column method. Then complete the calculations. Remember to exchange into the tens and hundreds column if needed.</p> $336-228=$ $366-278=$ $593-158=$ $742-480=$ $734-163=$ $269-252=$ $956-163=$ $526-346=$ $455-255=$ $798-410=$	<p><b><u>History</u></b></p> <p>What facts can you find out about the Egyptians God?  Make a fact poster.</p>

Friday

Using the story 'The Tin Man.'  
Create a story map.

Word calculations using subtraction

Solve these word calculations

- Ted has 65p. He bought a cake that was 48p. How much does he have left?
- Milena loved reading books. Her book had 573 pages. In one day she reads 284 pages. How many pages are left to read?
- Miss Taylor had 784 emails. She deleted 687. How many has she got left?
- Mr Crittenden had to put out 564 chairs in the hall. He had a break after putting out 375. How many more did he have to put out?
- There were 753 plants in a shop. 484 were sold in one day. How many were left?

PE

Challenge a member of your family.  
The challenge is one minute of star jumps. Take their pulse before and after. What is the difference?

## The Tin Forest

There was once a place in the middle of nowhere filled with all the things that no one wanted. Right in the middle was a small house, with small windows, that looked out onto huge piles of other people's rubbish.

In the house lived an old man. Every day he tried to tidy the rubbish and every night the old man dreamed. He dreamed he lived in a jungle full of wild animals. There were colourful birds, tropical trees, exotic flowers, toucans, tree frogs and tigers. But when he awoke, his world outside was still the same.

One day the old man decided to make something of all this rubbish. He started to build a forest out of tin. Feeding on the rubbish, it grew leaves and branches. It grew bigger and bigger. He was making a forest out of rubbish. A forest made of tin. It was not the forest of his dreams, but it was a forest just the same.

Then one day the wind swept in a small bird. The old man spilled crumbs from his sandwiches onto the ground. The bird ate the crumbs and perched to sing in the branches of a tin tree. But the next morning the visitor was gone. All day the old man walked through the silence and thought about a tin forest that was full of life.

That night, by moonlight, he made a wish...

In the morning the old man woke to the sound of birdsong. The visitor has returned and, with him, his mate. The birds dropped seeds from their beaks. Soon, green shoots broke through the earth and plants started to grow! Time passed. The song of birds mingled with the buzzing of insects and the rustle of leaves. Small creatures appeared, creeping amongst the jungle of trees. Wild animals slipped through the green shadows.

There was once a place, near nowhere and close to forgotten, that was filled with all the beautiful things that everyone wanted.

And in the middle were a small house and an old man who had toucans, tree frogs and tigers in his garden.
