

## Year R Remote Learning Activities – w/b 28/9/2020

Here are the activities that we will be doing at school this week. Encourage your child to do one activity each day, along with a phonics and maths activity which you can find on a separate sheet.

### Activity 1:

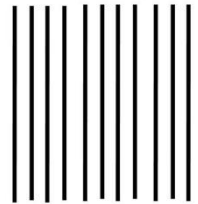

Collect lots of different leaves and then make a leaf picture.

### Activity 2:

In Reception we teach the children how to draw and make patterns before we teach them how to correctly form the letters.

This week the patterns are drawing vertical and horizontal lines.

### Activity 3:

#### Matching socks

Draw some socks with different patterns on them. Ask your child to cut them out, match them together and stick them onto some paper. Alternatively, ask your child to help you to sort out the socks after you've done the washing!

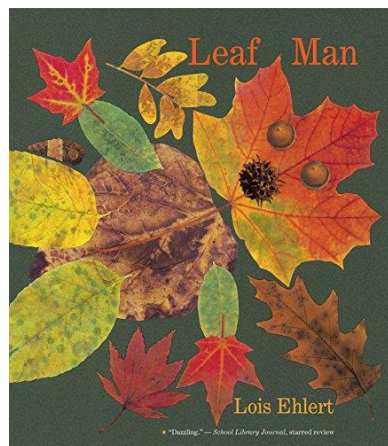

### Activity 4:

#### Phonics sorting

Find some objects or pictures that start with the sounds that have been taught already – **s, a, t, p, i, n, m, d**

Ask your child to sort them into groups that all start with the same sound (phoneme).

### Activity 5:

Make some leaf rubbings, or do some leaf printing. You could also push a leaf into some play dough and see what pattern is left behind.
