Dear children,

I am writing to inform you of my new and exciting plans. So that the council can save money we are no longer going to allow you to recycle paper, you will need to put all of your rubbish in one bin.

These cut backs will allow the important people that work for the council to have a pay rise this year of £10,000 which I am sure you will agree is important.

We believe that recycling is not important as there is a lot of sea and a few more bits of paper in it won't matter. Finally, as a thank you will all get a sticker!

Yours faithfully,
Bruce Wasteful
Chief Director of Maidstone Borough Council
