

Year R Remote Learning Activities – w/b 2/11/20

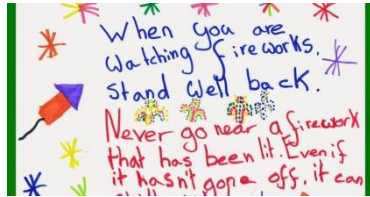

Here are the activities that we will be doing at school this week. Encourage your child to do one activity each day, along with a phonics and maths activity which you can find on separate sheets.

Activity 1:

This week is all about fireworks.

Find out about how to keep safe around fireworks. What can and can't you do?

Make a keeping safe around fireworks poster.

Activity 2:

In Reception we begin to teach the children how to draw and make patterns before we teach them how to correctly form the letters.

This week we are learning to draw stars.

Have a go at practising this pattern on big paper or drawing it with a brush or chalk. Use black paper and draw the stars in the sky.

Activity 3:

In maths we have been focusing on the numbers 1,2, and 3.

Practise writing these correctly. We use the rhymes to help us.

Activity 4:

Make a firework picture using paint. What colours do you need to mix together to make the orange, green and purple?

Fireworks

Activity 5:

Make up your own rocket out of junk modelling bits and bobs.
