What is evolution?

Watch <https://www.youtube.com/watch?v=BcpB-986wyk>

What does 'evolution' mean?

What does 'inheritance' mean?

Evolution is essentially change over time – it is more complicated than that, but that is a good starting point. Inheritance is when something is passed on to the next generation. e.g. eye colour, skin-colour, height etc. When living things produce offspring –reproduce – they pass on characteristics to their offspring.
