

Geography

Term 2 – week 6

Geography

WALT: Explore climate change and its effect on the polar biome.

S2S I can...

- discuss the causes of climate change
- explain what humans can do to combat climate change

Geography

What is Global Warming?

We hear terms like climate change and global warming but what does this actually mean?

Watch this video to find out.

<https://www.youtube.com/watch?v=v8unGCTWUWI>

Discuss with your partner what you have found out about global warming. Share your thoughts with the class.

Geography

What can we do about it?

Watch this video (you should start at around 3min30 to find out ways we can make a change)

<https://www.youtube.com/watch?v=TWo0iX7rZyE>

Geography

Let's make a list of all the ways we can help to combat climate change.

We can not combat climate change alone but if every person makes small changes, these add up to make a big difference.

Geography

How can we raise awareness and promote change in our school and community?

Make a poster to show what we can do to combat climate change.
