

TRANSLATIONS

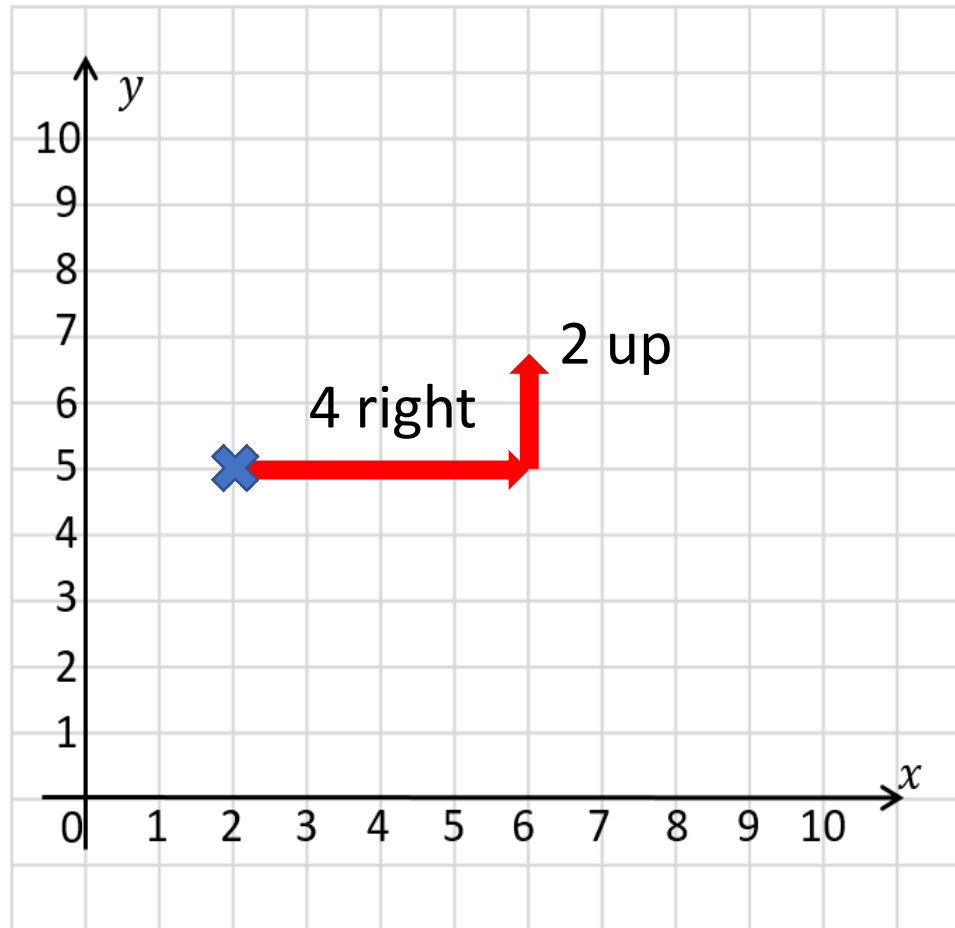

WALT

WALT translate shapes
I can:

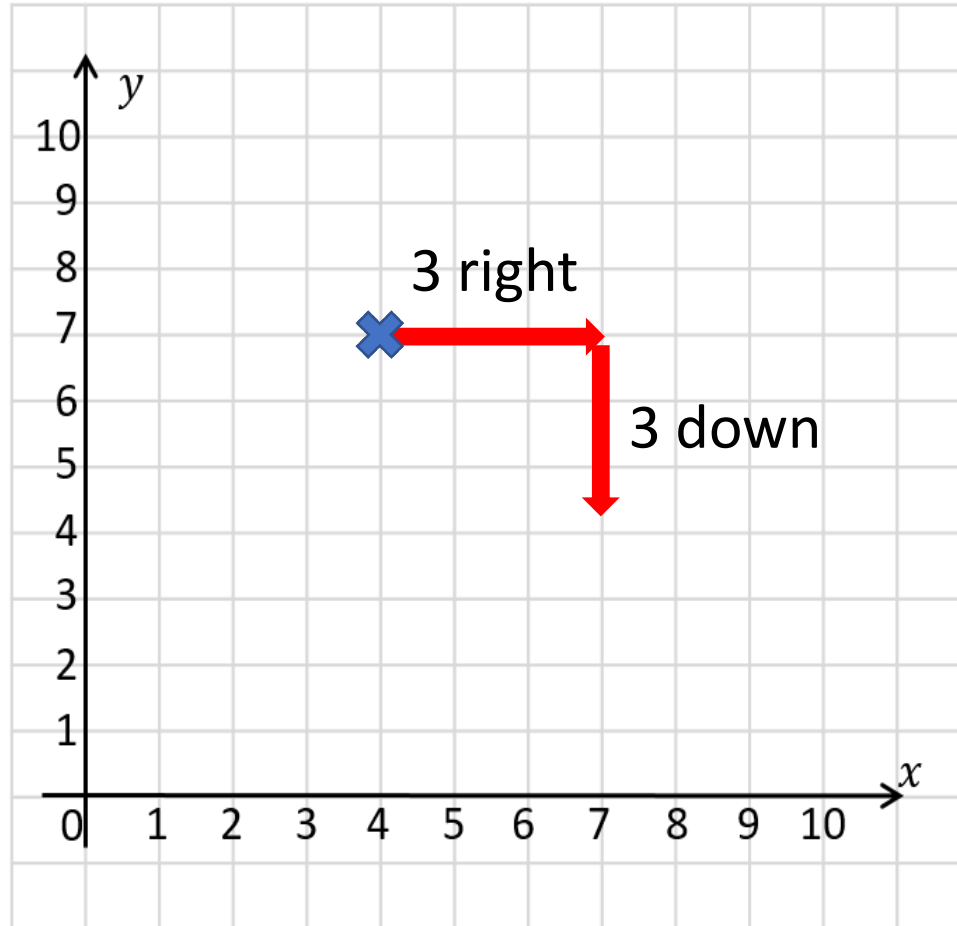

- Use the directions up, down, left, right.
- Describe a translation accurately.
- Draw a translation on a grid.

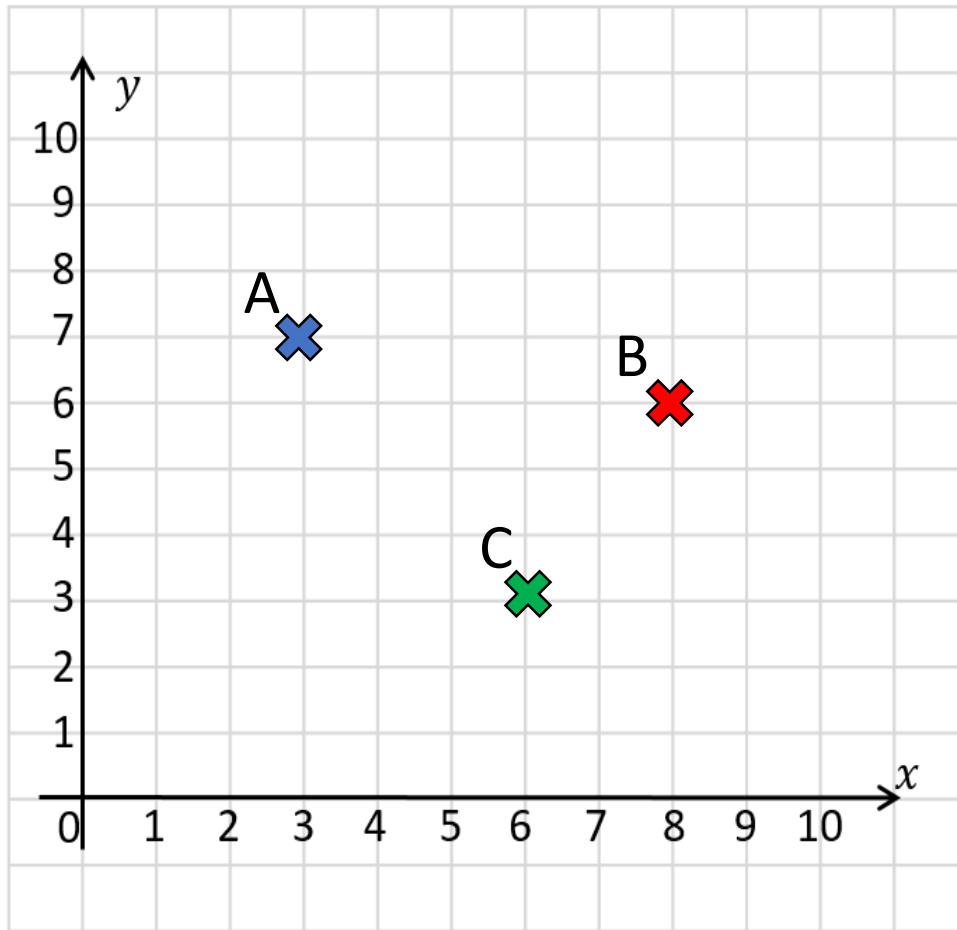

The point has been translated 4 right and 2 up.

Have a think

Can you describe the translation?

Can you describe the translations?

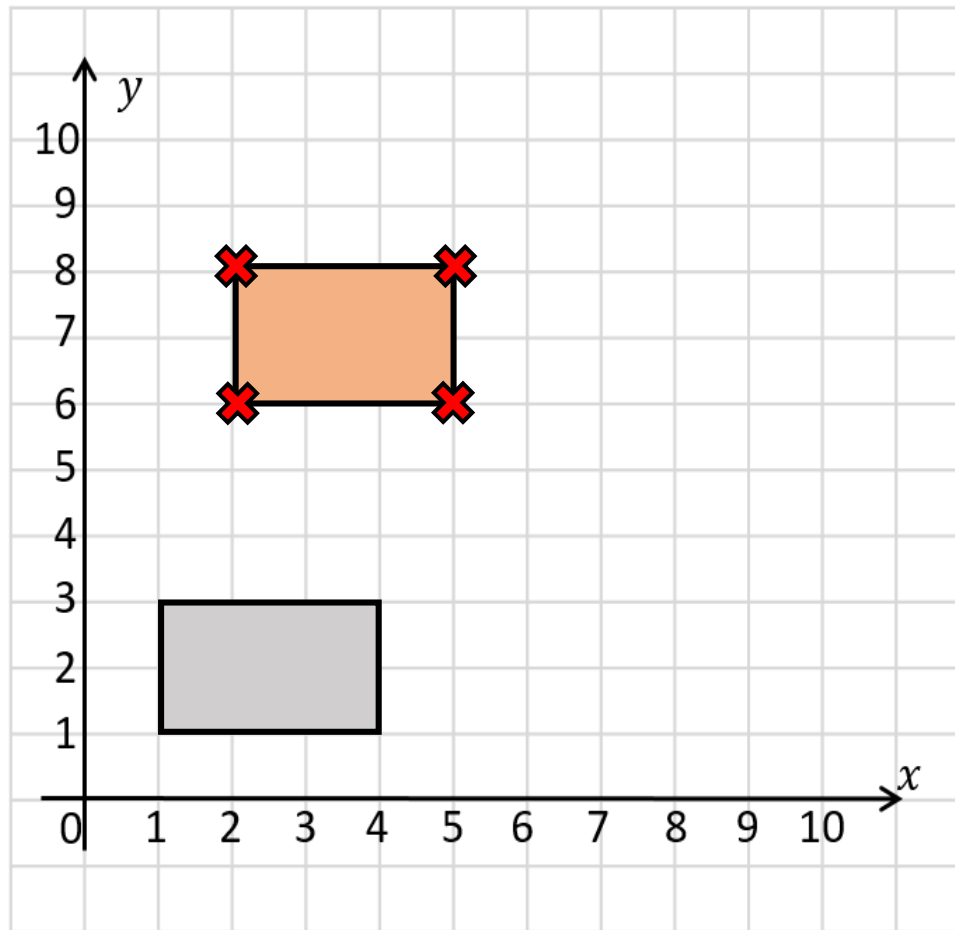

Have a think

A → B
 right down

B → C
 left down

B → A
 left up

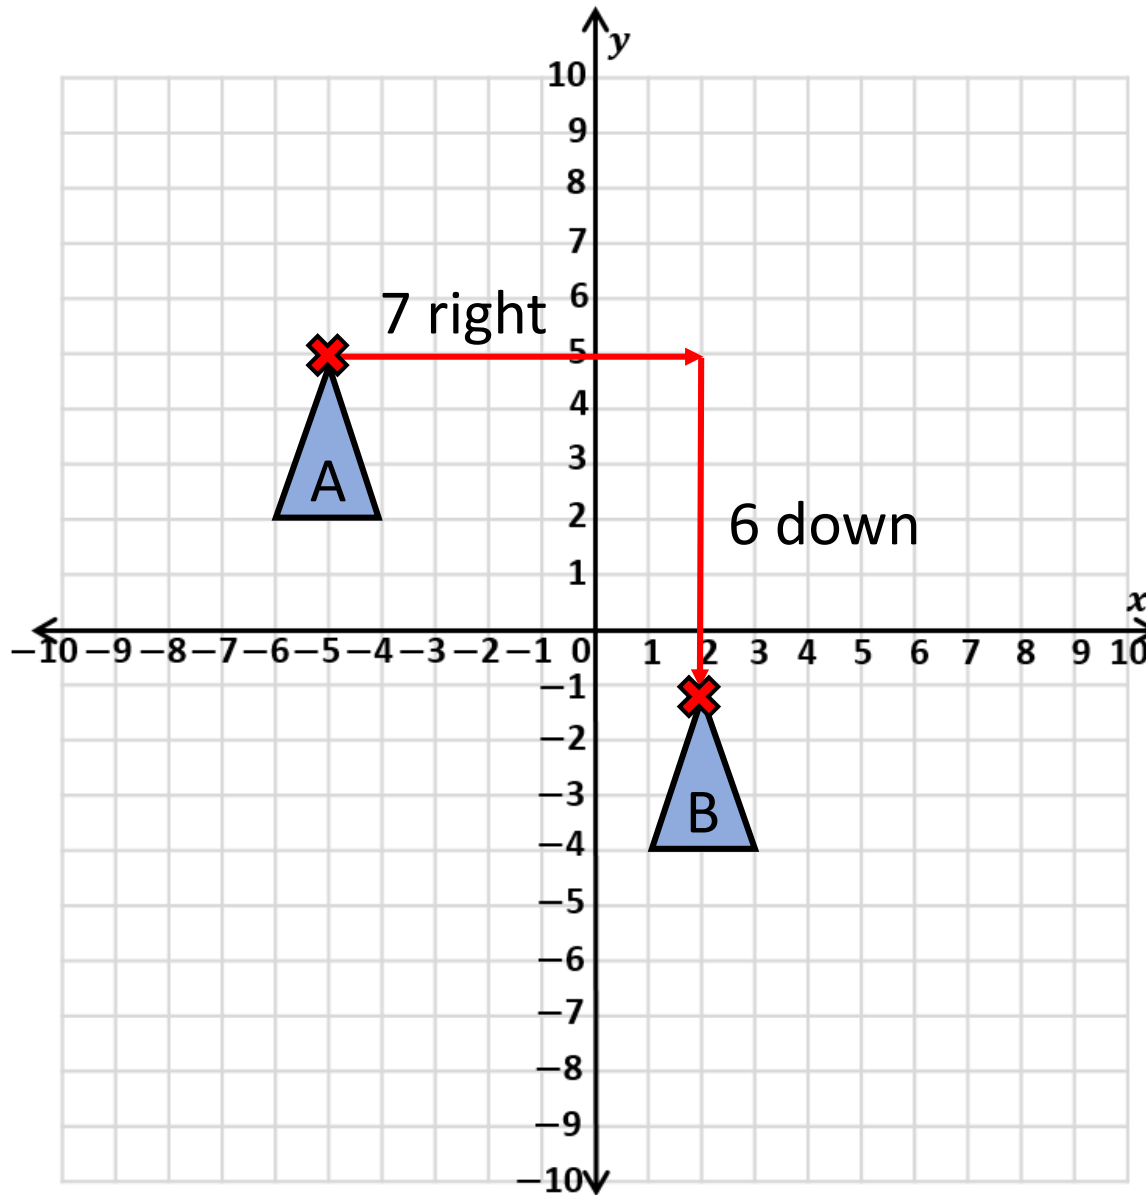

Translate the rectangle 1 left and 5 down.

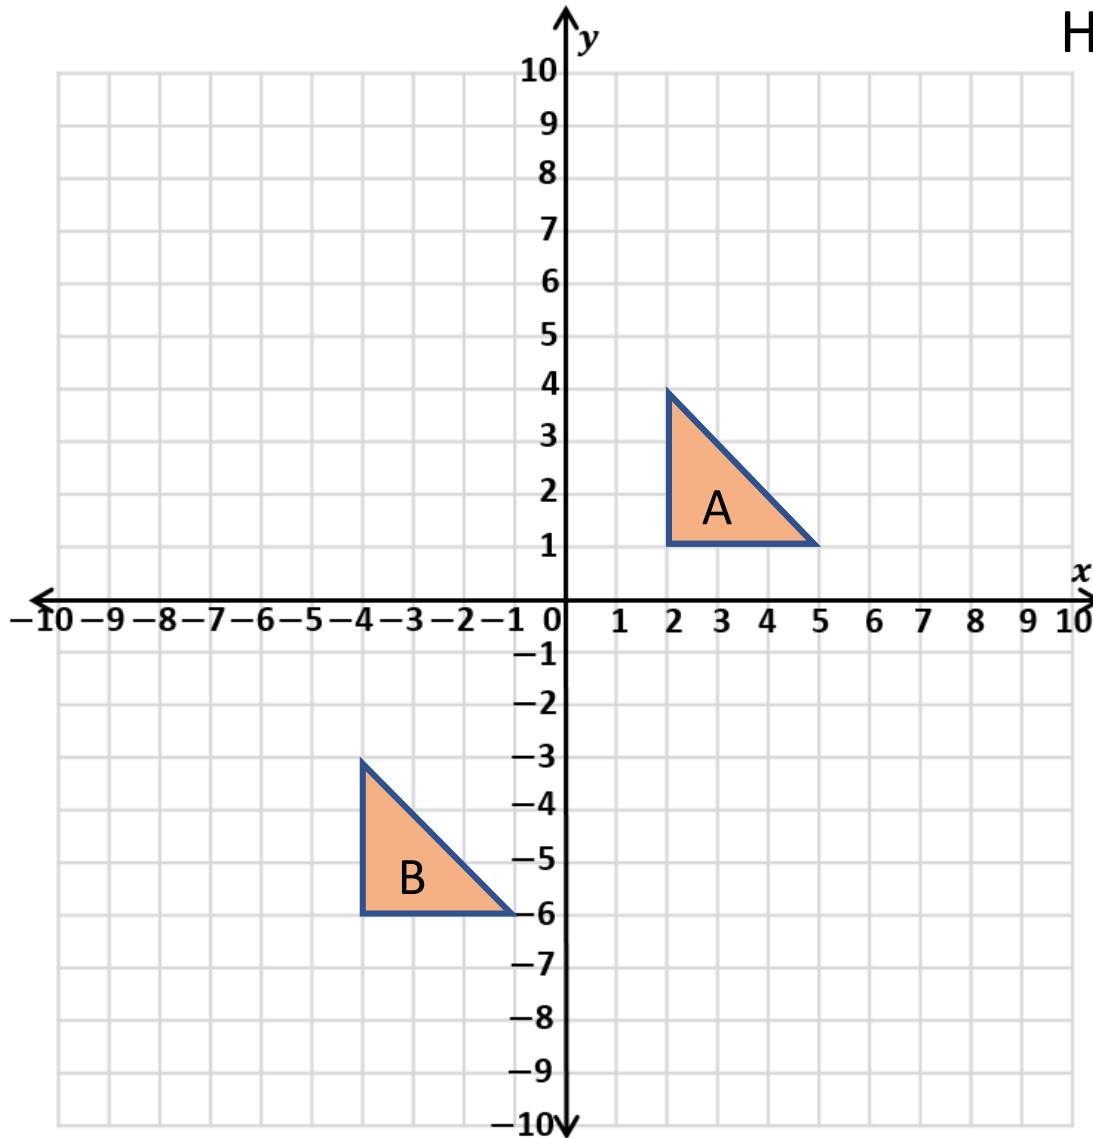

Have a think

What is the
translation of
triangle A to
triangle B?

Translate shape A 3 left and 7 down

Have a think

I think
I've got
this one!

Translate shape A 3 left and 7 down
