Phonics Activity

Look through this story together and encourage your child to notice the words that have 'ee' in them. Can they read the words to you? Maybe you can find some more words containing 'ee' when looking through books or when you go for your daily walk?

In a park with lots of weeds, stands a big, green tree.

Sheep often go to sleep under the tree. The sheep need to get shelter from the hot sun.

Near to the tree, is a deep creek. The sheep's feet go in the creek to cool them down.

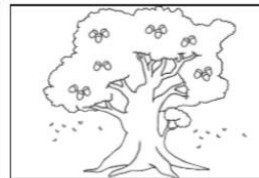

The Queen Dee went to see the tree.

She too put her feet in the creek, as it was hot.

Then, she fell asleep under the tree.

Next, a lot of bees went to the tree.

The bees stung the queen on her heel and cheek. She had a weep, as it hurt a lot. She never went back to the tree.

Daily Learning Activity

Draw, build or make a character from the story in any way that you wish. You could use lego, playdough or do some cutting and sticking!

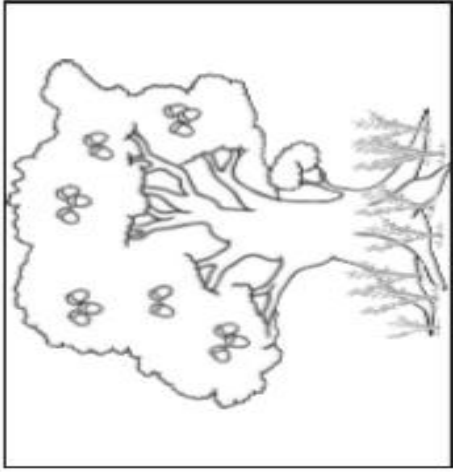

Maths Activity

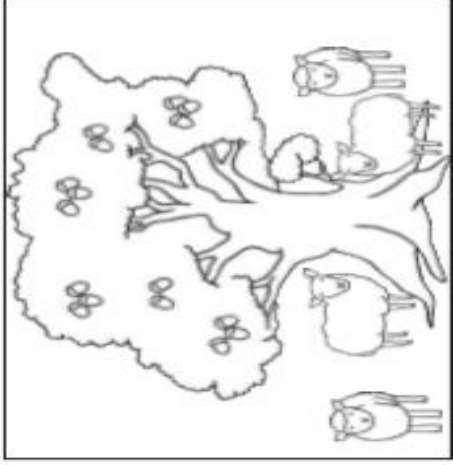

This week, we are really focusing on the fact that a number can be made up of smaller numbers. But still only numbers up to 5. Once you have joined in with the activities on the video, try the following activities together:

Play a game together called 'How many are hidden?' Show your child 4 or 5 toys. Ask them to close their eyes whilst you cover up some of the toys with a cloth/blanket. Can they work out how many of the toys are hidden? Encourage your child to draw a picture or use their fingers to help them explain how they know what is missing.
