

Maths  
Learning  
Number:  
Addition and  
Subtraction

Term 3 week 3 lesson 2

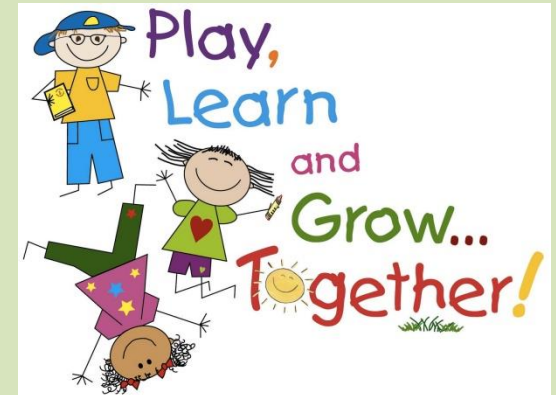

# We are learning to...

WALT: subtract  
S2S

(steps to success):

I can:

- use a tens frame to subtract
- write the number sentence
- form my numbers correctly

# In focus

- 1) One less than  is
- 2) Count backwards from 16 to 12
- 3) How do you spell the number 14?

- 4) What number is missing?

# Lets learn

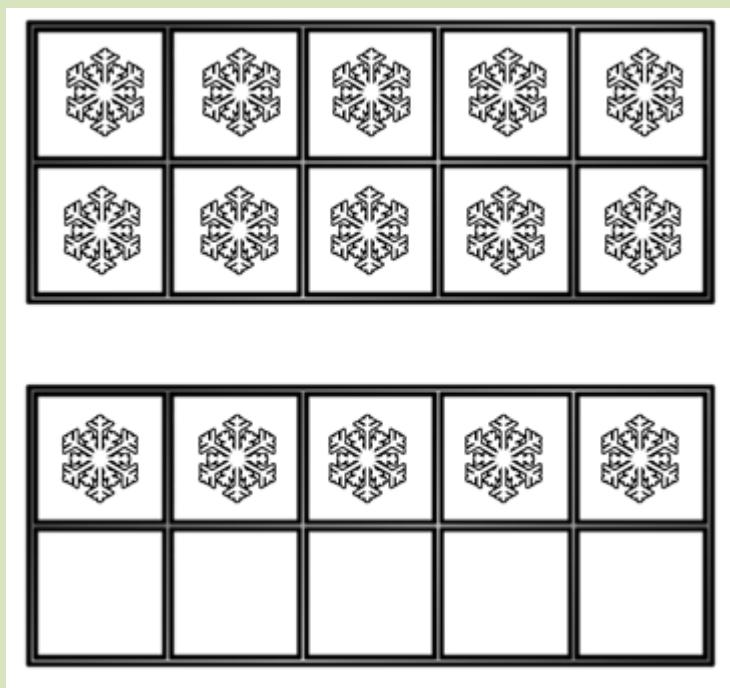

Subtraction take away

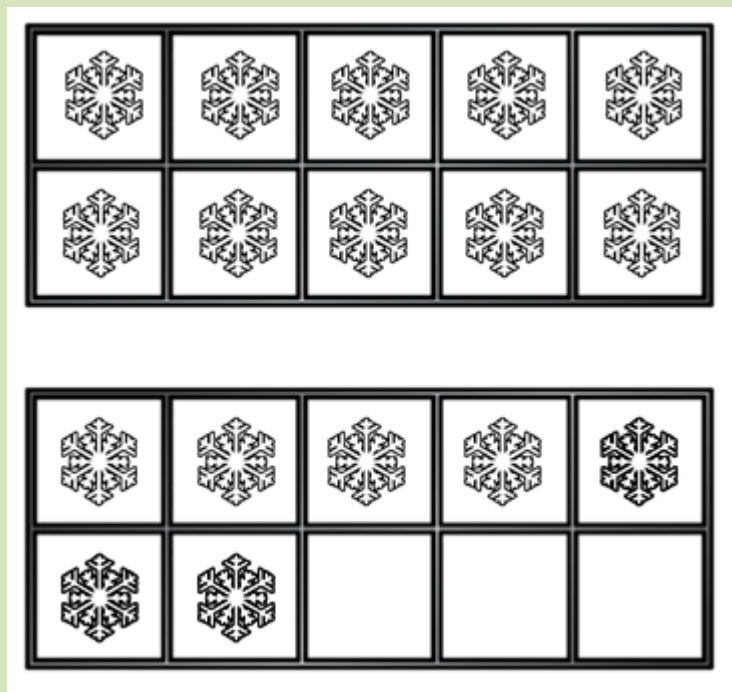

$$18 - 2 = 16$$

*Subtraction take away*

$$15 - 4 = 11$$

*Subtraction take away*

$$? - ? = 14$$

# Guided practise

The children built 13  
snowmen.

2 melted over night.

How many snowmen are  
left?

Write your number  
sentence.

# Using number bonds

$$7 - 2 = 5$$

7 ones - 2 ones  
Is equal to 5 ones

$$17 - 2 = 15$$

1 ten + 7 ones  
subtract 2 ones  
1 ten + 5 ones

Have a think

If....

$$3 - 2 = 1$$

$$9 - 4 = 5$$

$$8 - 6 = 2$$

Then....

$$13 - 2 = 11$$

$$19 - 4 = 15$$

$$18 - 6 = 12$$

Have a think

If....

$$6 - 2 = 4$$

$$7 - 4 = 3$$

$$9 - 6 = 3$$

Then....

$$16 - \square = 14$$

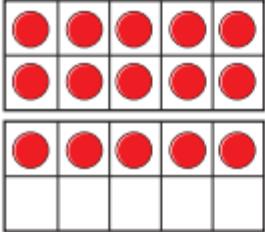

$$17 - \square = 13$$

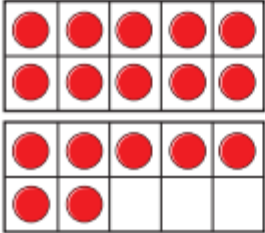

$$19 - \square = 13$$

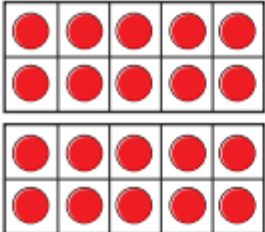

# Independent practise

1 Cross out counters to work out the subtractions.

a)   $15 - 4 = \square$

b)   $17 - 5 = \square$

c)   $\square = 20 - 3$

2 Teddy has these shapes.

He gives Eva 3 cones.

How many cones does Teddy have left?

$$\square - \square = \square$$

Teddy has  $\square$  cones left.

3 Complete the subtractions.

a)  $13 - 2 = \square$       c)  $15 - 4 = \square$

b)  $14 - 3 = \square$       d)  $16 - 5 = \square$

What do you notice?

Use this to fill in the missing numbers.

$17 - \square = 11$        $19 - \square = 11$

# Plenary

Mrs Skinner has 8 sweets. She eat 2 sweets and gave 1 to Mrs Bunting. How many does she have left?
