

Tuesday 19th January 2021 **Science**

WALT: identify properties of materials

S2S: I can

- name materials
- identify the material it is made from
- describe what the properties are of a material

EXAMPLE

 **Cling film** is made from **plastic**.

 **Plastic** is **transparent** and **waterproof**.

Test out your observations by touching and feeling the objects. If a material is bendy, have you tried to bend it?

• _____ is made from _____

_____ is _____ and _____

• _____ is made from _____

_____ is _____ and _____
