Tuesday

Listen to your teacher read the story 'The Runaway Chapatti'

Which country is this traditional story from?

Can you think of a traditional story that is similar?

What is the same/different between the two stories?

Listen to the story again and create your own actions or puppets to act out the story.

Wednesday

screen break day

You could follow a recipe to make a chapatti at home with help from a grown up. Or choose an activity from the screen break day grid.

Thursday

Sequence the pictures for how to make a Chapatti. Have a go at writing an instruction for each picture.

Friday

Draw the places and animals the Chapatti saw in the story on a grid map. Use directional language to get the chapatti to each place on the map.

You could draw arrows or write the instructions using words. Test your instructions out using an object to represent the chapatti.

Grid map example

Give the chapatti directions to get to the monkey. Can you add more characters or places and create another set of instructions.
