Learning
Number:
Place Value
(within 50)

Term 3 week 5 lesson 3

We are learning to...

WALT: count tens and ones S2S

(steps to success):

I can:

- count using tens frame
- count using base ten
- draw the correct amount of base ten and ones

In focus

- 1) Find the number 20
- 2) Find the number 40
- 3) Find the number 26
- 4) Find the number 16

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50

Lets learn

How many are
there?...

How many birds are there?

1 tree has 10 birds.

There are full trees and more birds.

There are birds.

How many straws are there?

1 bundle has 10 straws.

There are bundles of 10 and more straws.

There are straws.

10 ones is equal to 1 ten

How many are there?

There are tens and ones.

There are

Guided practise

Counting use
base ten and
ones...

Building numbers up to 50

10 ones is equal to 1 ten

I can build big numbers using these!

How about 35?

$35 = 3 \text{ tens and } 5 \text{ ones}$

Tens and Ones

Have a think

$$42 = \square \text{ tens and } 2 \text{ ones}$$

$$27 = \square \text{ tens and } \square \text{ ones}$$

$$\square = 3 \text{ tens and } 0 \text{ ones}$$

$$9 = \square \text{ tens and } 9 \text{ ones}$$

Have a think

$$4 \text{ tens and } 2 \text{ ones} = 42$$

$$3 \text{ tens and } 2 \text{ ones} = 32$$

What is different?

$$2 \text{ tens and } 2 \text{ ones} = 22$$

Have a think

$$4 \text{ tens and } 2 \text{ ones} = 42$$

What is the same?

$$4 \text{ tens and } 3 \text{ ones} = 43$$

What is different?

$$4 \text{ tens and } 4 \text{ ones} = 44$$

Independent practise

1 How many apples are there?

There are tens and ones.

There are apples.

2 What number is shown?

There are tens and ones.

The number shown is

3 Draw base 10 to show each number.

a) 23

b) 3 tens and 2 ones

4 Complete the number sentences.

a) 1 ten and 8 ones =

b) = 2 tens and 5 ones

c) 41 = tens and one

d) 37 ones = tens and ones

e) 2 tens and 10 ones =

5 Eva and Jack are making the same number.

Eva's number has these tens.

Jack's number has nine ones.

What number are Eva and Jack making?

Plenary

Mrs Bunting believes the total number is 43. Is she correct? How do you know?
