- **3 Sub-headings**

- **3 Paragraphs**

- **1 Interesting fact**

# Research

- Create a mind map which you can use as a bank of facts about Guatemala.
- Here is an example of what a mind map might look like.

# Using technology safely

- Remember when using the internet to follow these rules.
- Hold the equipment correctly e.g. if carrying a tablet use 2 hands.
- Only use websites that an adult approves.
- Keep personal information private e.g. passwords, personal details.
- If something pops up that you are not sure about or is inappropriate/upsetting tell an adult straight away.

NB we will not be using chat rooms/ emailing etc. so we will not be talking to people who we do not know.

Use these websites to research Guatemala and make notes on your mind map.

- <https://kids.kiddle.co/Guatemala>
- <https://www.coolkidfacts.com/guatemala/>
- <https://www.ducksters.com/geography/country.php?country=Guatemala>

# Finally...

- Don't forget when you are done to send a photo of your mind map to your class teacher on dojo.
