If you have already completed your sketch of a Cacao Pod you can choose another object to observe and sketch. Look around outside for something with an interesting texture that you can observe and then sketch using all the tone, shading, blending and texture techniques we have been experimenting with. Maybe a twig or leaf from the garden or a plant or stone. Give your artwork a border to display like a frame.</p> <p style="color: brown;">Why not use some relaxing music in the background to help you focus and be creative.</p>	Story Time
