This timetable is to help you to structure your school day at home if you would like. However, it can be as flexible as you need it to be. We have planned lessons for your child but we understand that everyone has their own priorities and pressures. We hope your children enjoy the activities we have planned for them. Please contact us on class dojo if you have any questions. Work through the activities at your own rate and send a photo of what you can through the message section or on the portfolio section of class dojo. Please do not worry if not all is completed. There are lots of things children can learn, that's not school work, children can learn at home through the day. Stay safe and happy. Hopefully see you on zoom.
