Which do you prefer? And why?

Version 1

- Guamala is in America. The Mayans used to live there, until they didn't. The capital city is Gutemala city and there are some buildings there.

Version 2

- Guatemala is a country in central America, its capital city is Guatemala City and one of the most famous buildings is called The Tower of the Reformer. The Mayans were an ancient people who lived in Guatemala until the 1500s.

Today

- Your task today is to read through your non-chronological report and make some improvements. Remember you can go back to your research and add more!
- Finally, don't forget to send a photo of your learning on dojo for some feedback.
