WALT draft a suspense story

S2S: I can

- follow a story structure
- use my plan
- include suspense

Let's continue with our draft writing

You have lots of different things that will support your creative writing:

- ✓ The model text – Adventure at Sandy Cove
- ✓ The toolkit for suspense
- ✓ Your ideas
- ✓ The drawing you did of your setting
- ✓ Most importantly your plan!

To write a fantastic dilemma (problem section) will require:

- amazing adjectives
- powerful verbs
- adventurous adverbs
- a range of punctuation

Why are these important ingredients for a dilemma?

It's time to get drafting again!

Today, please focus on the **dilemma** and the **resolution**. Tomorrow's learning will be how to end your suspense story and to edit in order to improve what you have written.

Still not sure about the difference?

Resolution of a story

It refers to how you, as the writer, **solve** the dilemma (problem or danger), which your character or characters face.

End of a story

What do your characters learn from what they have been through.
Are they safe?
Do they tell anyone?

Reflection
