Choose a couple of activities from the slides below about Chinese New Year.

- **Chinese New Year** is the festival that celebrates the beginning of a [new year](#) on the traditional [Chinese calendar](#). In [Chinese culture](#) and East Asian countries, the festival is commonly referred to as the **Spring Festival**, as the [spring](#) season in the lunisolar calendar it is a festival celebrating the end of [winter](#) and the beginning of the spring season. The first day of Chinese New Year begins on the new moon that appears between 21 January and 20 February. In 2021, the first day of the Chinese New Year will be on Friday, 12 February, which is the [Year of the Ox](#).

Red is a popular colour in **Chinese** culture, symbolizing luck, joy, and happiness. It also represents celebration, vitality, and fertility in traditional **Chinese** colour symbolism. **Red** is the traditional colour worn by **Chinese** brides, as it is believed to ward off evil.

CHINESE NEW YEAR SNAKE CRAFT

Craftiments

- **Materials**

- paper towel or toilet paper tubes (*we will need to make tubes in school for ours as can't use toilet rolls*)
- construction paper cut in 1 inch wide strips
- tempera paint and painting supplies
- scissors
- glue
- stapler
- googlie eyes, glitter glue, stickers, other embellishments

- Cut a piece of cardboard tube approximately 3 inches in length. Cut a mouth shape at one end
- Start on the snake's the body while the paint dries. Glue the ends of two contrasting strips of construction paper together at a right angle. Fold the bottom strip over the top strip, making sure they remain perpendicular. Crease the fold. Continue criss-crossing bottom over the top, keeping the strips at right angles to each other.

Craftiments

When you reach the end of the strips, leave a 1 inch overhang, trimming if necessary. Glue another paper strip to each of the two ends, overlapping by 1 inch.

- Continue folding and adding strips until the snake body reaches the desired length. Glue the ends together leaving another inch of overhang.

- With the top of the snake's head facing you, glue the ends of the strips inside the back opening.

Craftiments

Squeeze the opening closed and trim the corners to round out the back of the head.
Staple it closed.

Craftiments

- Add eyes, fangs and a tongue. Embellish with some glitter or stickers.
