

Friday Phonics Activity

After watching our phonics video about the digraph **'oi'** we would like you to have a challenge. Choose an 'oi' word, e.g. coin. How many times can you write this in 2 minutes?

You could also decide on more words e.g. foil, boil and soil and see how many times you can write all of them in 2 minutes.

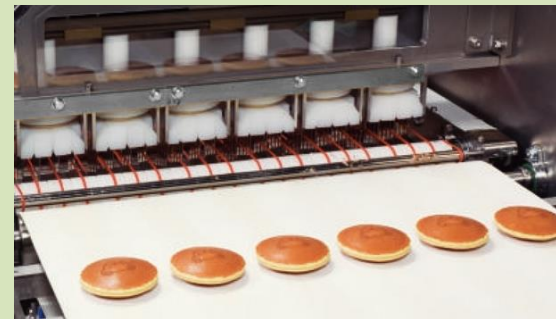

Daily Learning Activity

Today's activity links with our maths from before Half Term (measuring height and length).

Make some pancakes out of play dough or plasticine (up to 10).

Make stacks of the pancakes, e.g. 5 pancakes. Can you make a stack that is taller than 5 pancakes, or can you make a stack of pancakes shorter than 5 pancakes. Repeat with different numbers of pancakes.

Next, put 7 pancakes next to each other in a line and measure them using pasta, paperclips etc. Can you make a line of pancakes that is longer. Can you make a line of pancakes that is less than shorter. Repeat with different numbers of pancakes.

Maths Activity

Have a challenge. Play bingo, but rather than writing numbers, use representations of numbers instead like the cards below. You could make your own too.
