Maths Learning Number: Place Value (within 50)

Term 4 week | lesson |

## We are learning to...

WALT: order our numbers S2S

(steps to success): I can:

- use tens grames to order my numbers
- use base ten to order my numbers
- order smallest to greatest

## In focus... can you find these numbers?

#### Can you find these numbers?

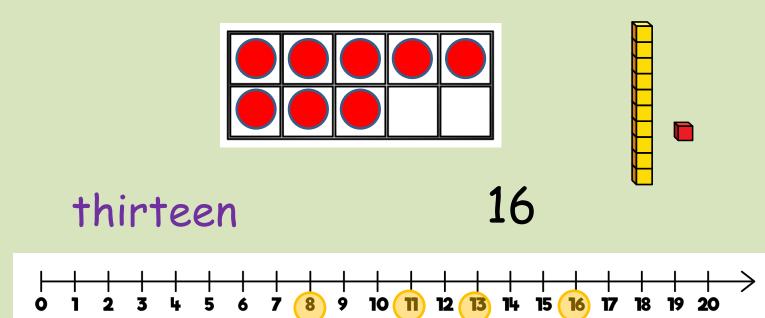

1) fourteen	1	2	3	4	5	6	7	8	9	10
	11	12	13	14	15	16	17	18	19	20
	21	22	23	24	25	26	27	28	29	30
2) 39	31	32	33	34	35	36	37	38	39	40
	41	42	43	44	45	46	47	48	49	50
3) 20 + 2	51	52	53	54	55	56	57	58	59	60
	61	62	63	64	65	66	67	68	69	70
	71	72	73	74	75	76	77	78	79	80
4) 1 more than 49	81	82	83	84	85	86	87	88	89	90
	91	92	93	94	95	96	97	98	99	100

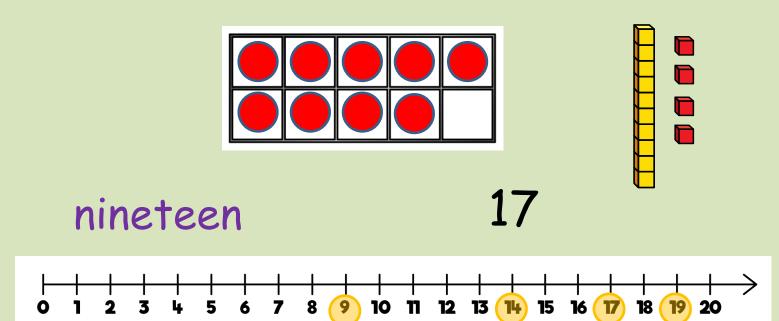

# Ordering smallest to largest...

#### Ordering from smallest to greatest

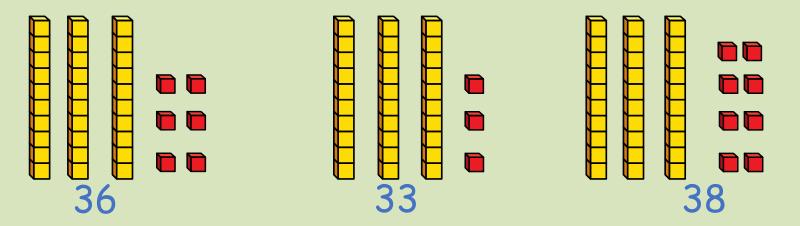

8, 11, 13, 16

#### Ordering from greatest to smallest

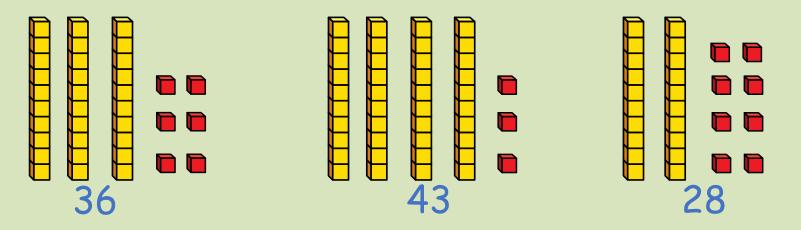

19, 17, 14, 9

#### Comparing tens and ones

smallest to greatest

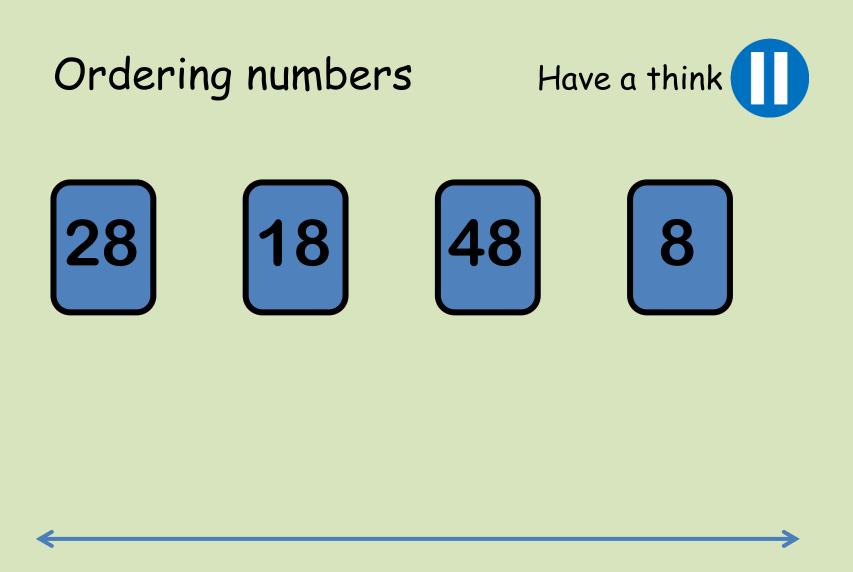

#### Comparing tens and ones

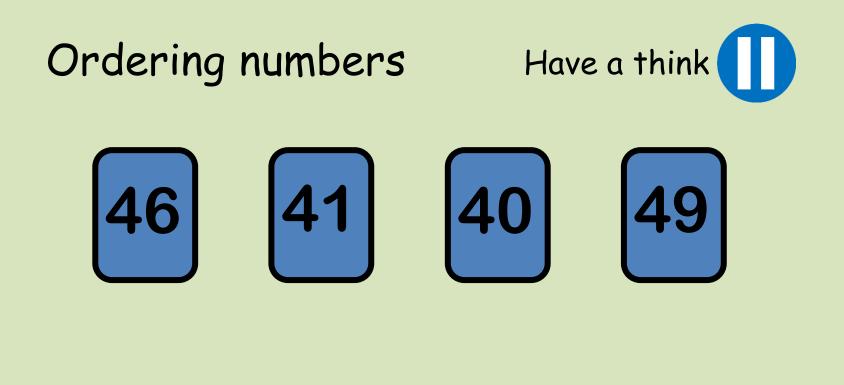

smallest to greatest

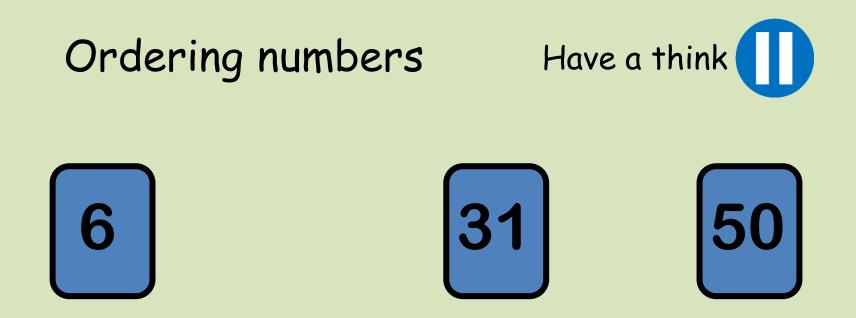

Ordering numbers...

smallest to greatest

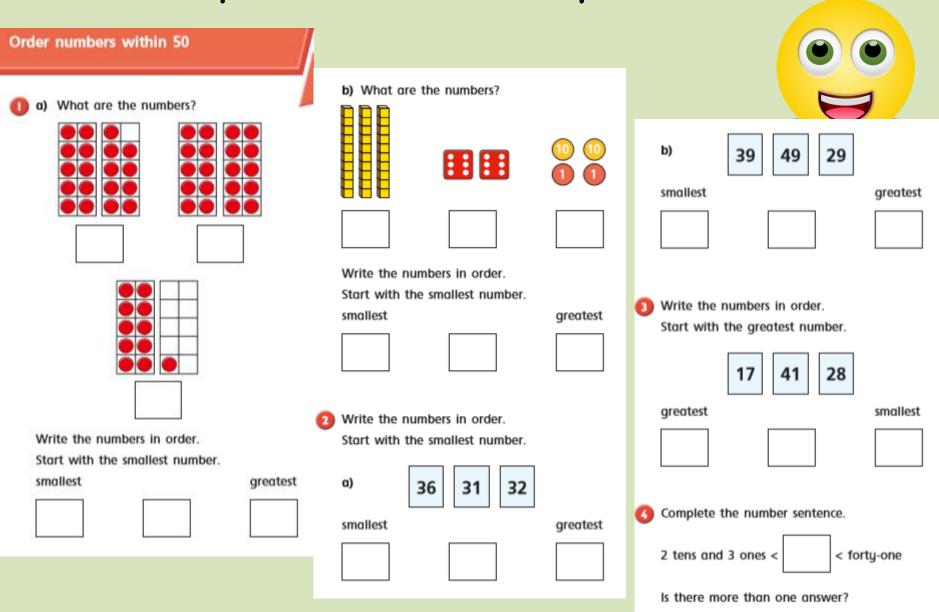

greatest to smallest

#### Where would these numbers go?

## Independent practise

Plenary

Mrs Bunting has ordered these numbers from smallest to largest, is she correct? How do you know?

11, 17, 22, 33, 40, 41, 49, 50
