WALT build knowledge of the historical content
of Britain after the war

S2S: I can

- understand key vocabulary
- record my opinions and questions
- create a time line of events

English and History

For this unit of work we will be using the learning videos from the Oak National Academy, which have been designed to support teachers in delivery lessons remotely.

Our first writing activity for this term will be a diary entry based on those who came over to help rebuild Britain after WWII. However, before we can do that we need to learn about the people who came to Britain and what Britain was like during this period of time.

Copy the link to your browser to watch the learning video for today. Please pause the video and complete all activities.
