

Challenge One

Research an extinct animal.
 It is up to you, how you present your findings.

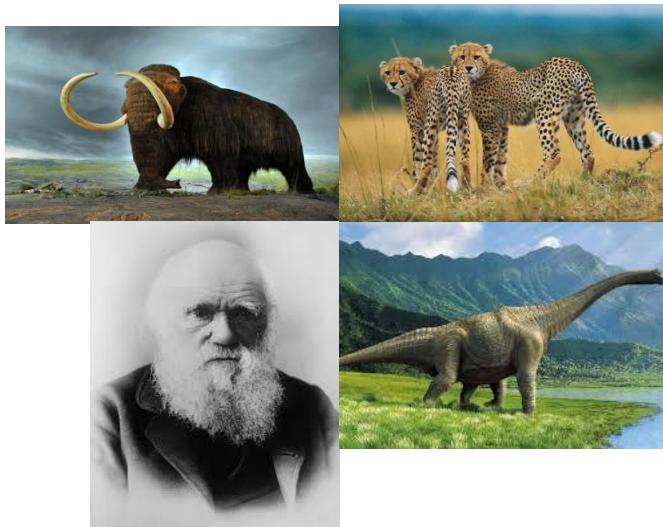

Challenge Two

Create a persuasive poster to encourage eco-tourism in Madagascar.

Challenge Three

Art and design or DT - produce a piece of art linked to the topic. This could be a model of an animal's habitat or a detailed drawing of one.

**Extinct &
 Endangered**

Challenge Four

Invent your own endangered animal. Write about its diet, habitat and describe its features. Also include information about why it is endangered and how it can be protected. You can include a small drawing of your animal.

Challenge Five

Imagine you are an animal on the verge of extinction. Create a poem about how you would be feeling.
