

Task One: Art

Could you create a picture of something you have learned about Mumbai, using colour mixing or texture?

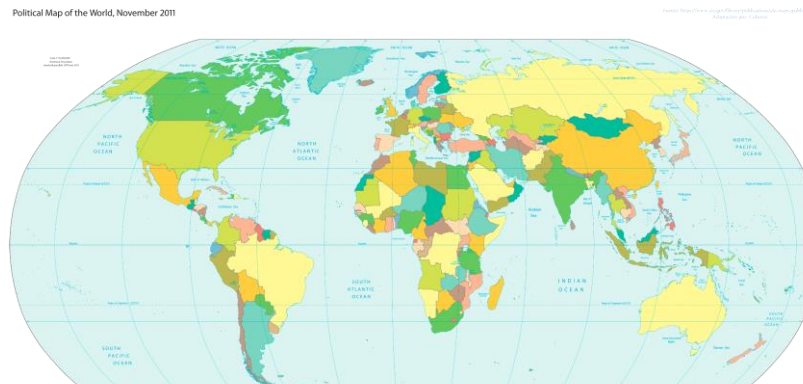

Task Two: Maths

Can you create a poster to remind you what the different coins and notes mean? As a challenge, you could think about how many pennies each is worth.

Task Three: Geography

Can you create a map of the world, including labels for the seven continents, five oceans, England and Mumbai?

Task Four: Science

Go on a material hunt around your house. What are different objects made of? Can you show us with pictures or drawings?
